

it::testbench::data
::TestPlan::getSessionId

```
graph LR; A["it::testbench::data  
::TestPlan::getSessionId"] --> B["it::testbench::data  
::TestBenchConfiguration  
::getSessionId"]
```

A diagram showing a call from `TestPlan::getSessionId` to `TestBenchConfiguration::getSessionId`. The left box is shaded gray and the right box is white. A blue arrow points from the left box to the right box.
